

# THE DAILY STAR

TUESDAY, NOVEMBER 9  
LARGEST CIRCULATION IN THE CITY.

For the next twenty-four hours probably cloudy and threatening with indications of light rain to-day; and clearing, and fair, and cooler to-morrow.

## LOCAL BREVITIES.

New cock-pit on Central avenue.  
Two races at Chester Park this noon.  
Ohio river coal ten cents per bushel delivered.  
A squad of Philadelphia Councilmen are coming soon.  
The new St. Charles, Fourth street, will be opened to-morrow night.  
Kate Reilly's wooden nest on Longworth street was raised last night.  
An increase in the number of applications for marriage licenses yesterday.  
The witnesses in the Harpe murder case will be taken before the Grand Jury to-day.  
A two-story brick will fill that place made vacant by the burning of the Theater Comique, on Fourth street some years ago.  
A little girl, daughter of a German butcher on Coleman pike (Cumminsville), out one of her playmates slightly in the wrist.  
Judge Saffin says he'll give \$25 out of his own pocket to help maintain the delegation of select Councilmen from Philadelphia, who will visit us on the 15th.  
The Board of Aldermen, at their meeting last evening, voted an appropriation of \$900 to pay James Kiernan for damages to his property on Audubon street.

S. W. Hoffman, City Auditor, is in favor of supporting the Infirmary and Hospital, whether the Street Cleaning and similar departments get any support or not.

A team of five horses attached to a stone-wagon, the property of Botte & Co., was driven into the river at the foot of Fifth street yesterday, and all the horses drowned. The driver, George Keyes, but for the timely help of men near by would have shared their fate.

A very large audience assembled at College Hall last evening to hear the fourth lecture of Rev. Dr. McConaughy, "The Natural History of the Mind." The lecture was very interesting, being profusely illustrated, which adds greatly to a thorough understanding of it.

MARTIN CAIN, with his forlorn looking and nearly famished family, has arrived from Pittsburgh on foot. The journey lasted four weeks. Lieut. Benninger, of the Tenth District Station, gave them food and temporary relief. Cain will apply for a job on the Southern railroad.

A MAN, whose name we were unable to learn, was run over by a passing train of the L. C. & L. R. R. at the corner of Wood and Front streets. Both of his legs were cut off above the knees. He was taken at once to the Cincinnati Hospital, the physicians stating, however, that there were but small hopes of his recovery.

THE ITEM in yesterday's STAR reflecting on Messrs. Moody and Sankey, the revivalists, found its way into our columns by accident, and did not express the feelings of any one connected with this office, nor was it seen by any one till it appeared in the paper. With the utmost care, these annoyances will sometimes occur.

A GANG of workmen assembled at ten o'clock last night at the corner of Eighth and Mound, and soon after went to work and tore up the sidewalks on Eighth street, from John to Cutter. The Board of Aldermen having acquiesced in the decision of the lower Board, granting the right of way down Eighth street to the "Bedlam Extension," the projectors of the scheme were desirous to get their work in before they were stopped by a threatened injunction from H. M. Bishop, whose residence is at Eighth and Mound.

Mrs. WOODHULL delivered her lecture as announced at Robinson's last evening, on the "Naked Truth." Her audience was small in comparison with that of Saturday evening, though rather of a better class than one would expect to find at such a lecture. The language of the lectures was pretty plain, especially when she came to speak of that truly good man, Deacon Richard Smith, the editor of a paper too modest to publish her lectures, yet not modest enough to exclude the advertisements of the various quack doctors, which habitually fill its pages.

At a meeting of the Work-house Directors yesterday afternoon, Superintendent Morgan submitted a plan by which that institution during the coming winter will realize a good revenue, and whereby the numerous tramps from all over the country sent there by Judge Landman will find employment and plenty of fuel. The last of this week Superintendent Morgan can use some of them on Spencer street, from Marshall to Clifton avenue. He has also made arrangements with Hon. W. S. Groesbeck, Dr. Bruhl, W. S. Biddell, John Kaufman, and others, who own property on Spencer street, by which the owners are to pay the Work-house Directors forty cents per front foot for the removal of the earth and stone from said street. The earth will be disposed of in fill near by, and the stone sold as high as ninety cents per perch. The money which these property-owners will pay in will amount to \$1,500, to be expended in equipping the workmen. This plan promises to feed the shiftless and improvident, but not at the expense of the already heavily-burdened taxpayers.

Ann Eliza Young.

Mrs. Ann Eliza Young delivered a very interesting lecture, or rather the story of her life among the Mormons, last evening at Thome's Hall. The subject was, "Ann Eliza in the Beginning and Ann Eliza in the End," but was interesting to the audience, however, as giving an insight in the manner in which the much-married "Prophet, Seer and Revelator," Brigham Young, treats the wives of his bosom. The lectures closed last evening by an appeal to her audience to write to the representatives of Congress, and urge them to suppress the great iniquity of polygamy.

Court Outings.

The divorce case of Sibylla Hagenbusch against Frederick Hagenbusch was brought to a close yesterday, a decree being granted on the grounds of extreme cruelty.

Ann Mueller was allowed a divorce from her husband, John Mueller, on the same grounds as the above—extreme cruelty.

Paul Kroll vs. Antonio Kroll, petition for divorce on the grounds of adultery; petition dismissed without prejudice.

the Court holding that the case was not made out.  
Nicholas, Frank and Thomas Moran were indicted by the present Grand Jury for murder in the second degree in having killed their brother, William Moran. Thomas and Nicholas appeared before Judge Avery yesterday and entered a plea of not guilty. The Court allowed the bail to remain the same as that fixed by the Police Court, \$3,500, a joint bond being given by three sureties. Clarkson F. Woods et al. vs. John Gorke, Ex-Treasurer of Hamilton county. The Judge found, after reading the pleadings, that he had already tried the same case between other parties. It was agreed therefore, that the defense would acquiesce in the former decision.

## Amusements.

WOOD'S THEATER.—Miss May Howard, as "Phyllis," in the "Wandering Heir," drew a very good house last evening, who were loud in their applause of her acting in certain portions of the play, as for instance in the beautiful apostrophe of the slave "Phyllis" to home and country. The support rendered was in some instances very fine, while in others it was the poorest that we have ever seen in Mr. Macaulay's theater. The play, taken as a whole, however, was well "set" and well acted, and will no doubt draw a large house this evening, which will be the occasion of its last representation. Miss Howard appearing on Wednesday evening in the "New Magdalen."

THE GRAND OPERA-HOUSE.—Mr. Callahan's new comedy, "Little Silver," was presented at this house, for the first time, last evening. Miss Minnie Palmer, a pleasing young actress, for whom the play was written, appearing in the title role. Miss Palmer is a beautiful little lady, with rather an agreeable voice, singing very well, and without acquires herself with credit as "Little Silver." The torpedo "Liz" is rather the latest introduction of the sensational upon our local stage. 'Tis a happy thought. At the Wednesday matinee, Miss DeForest will appear as "Camille," supported by the full strength of the magnificent stock company.

ROBINSON'S OPERA-HOUSE.—The Daniel Boone Combination, of which Mr. J. A. Stevens is the head and front, open at this house to-night in a drama of Mr. Stevens' own creation, entitled "Name Unknown." This troupe is but recently from Pittsburgh, where the press has been loud in their praise. Mr. Stevens, however, needs nothing of this to recommend him to our public, among whom he is already well and favorably known.

THE GRAND CENTRAL.—This cozy little theater has been so fortunate as to escape from the hands of the former managers, who had well nigh rendered it unfit for anything save a dance-house, and after undergoing a thorough overhauling, has been opened to the public, under a new management, at the head of which is Mr. Chas. L. Howard, whose reputation is that of a gentleman, and there is no doubt but that he will give an entertainment worthy the attention of the public. A big bill is offered for to-night.

THE NATIONAL.—This house presented among other attractions last evening the celebrated sword artist, Mons. D'Ormer. Mr. Chas. Foster, who remains during the present week at this house, appeared in one of his sensational dramas entitled "Saved from the Fire."

United States Hardware in Australia.  
The Ironmonger has, from time to time, drawn attention to the success with which hardware manufactured in the United States have competed with some of the British firms in certain foreign markets hitherto supplied almost exclusively from this side, at the same time that United States products have been finding their way into our own country.

The reports to hand from the different hardware districts still show that there is little or no revival in the demand for iron and hardware products required in Canada. Thither it is well known the United States manufacturers continue to send the goods they make at rates much under those wanted by the English manufacturers. But this is not all. Some of the manufactured goods sent across the lakes into the Dominion are said to be more hardy than the English patterns. Some time ago we reported that the United States iron and hardware manufacturers were pushing their advantages in Australia and New Zealand.

In those markets, likewise, American enterprise is still disagreeably apparent. The worst of it is that not a few of the American goods are declared, as to quality, to surpass our own. As to the Antipodean markets, all that we have here said is borne out by a communication which has been received by a firm of Birmingham merchants from their agent in Melbourne. He writes as follows: "You will notice our indent runs more on American iron-mongery than formerly. Their goods are far superior to English make, and lately they have been much cheaper. There is no comparison in the profits they pay us, and they give us entire satisfaction. Small wares, tools, &c., indeed, all sorts of American-made goods, are now being sold in the market; and when once used, seen or sold, the user or buyer will never again look at English-made articles of the same class."

A young importer down town remarks that, when he sees a sweet creature dressed in the prevailing style of fashion, her appearance invariably reminds him of "a drawback on sugar."

"No, dolly," said a little girl to her china baby, as she was going out, "I can't take 'ou down town 'id me—'you ain't dot no 'pin-back'!"

## TOO MUCH AT STAKE.

Steele & Price, the manufacturers of Dr. Price's Flavoring Extracts and Cream Baking Powder, with their responsibility, large trade, wide reputation, and constantly increasing popularity, have too much at stake to put upon the market anything which has not, by careful analysis and constant trial, been found to be not only harmless, but positively beneficial, as well as superior to any other similar articles. Dr. Price's Cream Baking Powder and Flavoring Extracts are the only kinds made by a practical chemist as well as a physician with special regard to their healthfulness. And they are rapidly superseding all inferior and deleterious compounds for similar purposes. The firm is known as the leading manufacturer of this line upon the continent. Buy Dr. Price's Baking Powder only in cases with unbroken labels.
